

## **Alexia Chatziparasidou, BSc, MSc, Sr. Clinical Embryologist Director of EMBRYOLAB ART unit.**

Mrs. **Alexia Chatziparasidou** is a **clinical embryologist** with a breadth of experience covering more than 45,000 IVF cycles. Her scientific interests focus on the application of the latest lab techniques for the diagnosis and treatment of male and female fertility disorders, as well as fertility preservation techniques for cancer patients. Over the years she has developed a special interest in the implementation of efficient Risk management in ART units.

Alexia has been, since it was established in 2004, the Director of **Embryolab**, a state-of-the-art assisted reproduction unit located in Thessaloniki Greece. In 2006 she received her MSc. with distinction, from the University of Leeds, UK. In 2007 she was certified as a senior Clinical Embryologist by ESHRE, while in 2013 Alexia co-founded Embryolab Academy, which co-organises international workshops in Greece and around the world. As a result, Embryolab Academy has since established a high profile, being internationally recognised for its high quality workshops for their significant educational and training impact.

Alexia is a member of the International Society of Reproductive Scientists (ALPHA), the European Society of Human Reproduction (ESHRE), the American Society of Reproductive Medicine (ASRM), Scientists in Reproductive Medicine (ALPHA), the Society for Cryobiology, the Hellenic Society of Andrology, the Panhellenic Union of Bio-Scientists, the Pan-Hellenic Association of Clinical Embryologists.
